

Lesson Plan – Third Party Supply of Tobacco (“Alex Learns a Lesson”)

Instructional Objectives:

- A. Cognitive - After participating in this lesson on tobacco, the students should be able to demonstrate knowledge of the material covered by answering a worksheet.

Materials or Equipment:

- A. Lesson Plan
- B. PowerPoint
- C. Worksheet
- D. Colouring Sheet

Procedure:

- A. Introduction:
 - Today we are going to talk about why people start smoking and third party supply of tobacco/cigarettes.

- B. Vocabulary

Minor – Anyone under 19 years old

Supply – To give someone something

Third Party Supply – When someone gives you cigarettes but no money is exchanged.

Examples: cigarettes from friends, parents, sister/brother or even strangers

Tobacco – A plant used to make cigarettes, cigars, chewing tobacco and other items

Smoke Free Ontario Act – The law that covers tobacco sale and use in Ontario

- C. Content:

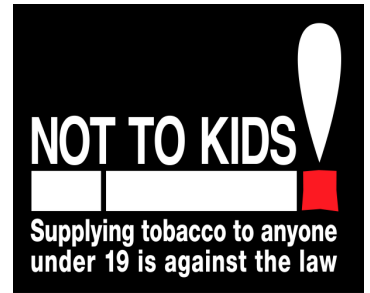

We all know that smoking is bad for you, right?

What are some of the reasons smoking is bad?

Can give you cancer

What is cancer? A disease where abnormal ('bad') cells grow and can spread through your body. Smoking is the most common cause of death from cancer.

Lesson Plan – Third Party Supply of Tobacco (“Alex Learns a Lesson”)

Bad for your lungs (increased risk of lung cancer and other respiratory disease)

Makes your skin wrinkled

Makes your fingers and teeth yellow

If we know that smoking does all these bad things to you then why do people start smoking?

Parents smoke

Friends smoke (Peer Pressure)

Think it helps with stress

Think it helps keep you skinny

How old are people when they start smoking?

Teenagers

The Smoke Free Ontario Act is the law that protects teenagers from hurting their lungs with tobacco.

The law says that it is illegal to give anyone tobacco who is under 19 years old.

If you were to give someone tobacco who was under 19 you could get a ticket for \$365 even if you are another teenager.

D. Teaching Strategy:

Everyone in class will receive a worksheet before the presentation

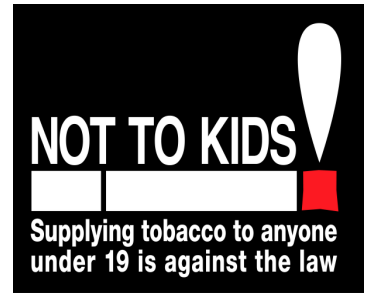

Students will answer the questions as the presentation continues
(Refer to the Slide Notes in this Plan)

PowerPoint: 42 slides

Read slides to class

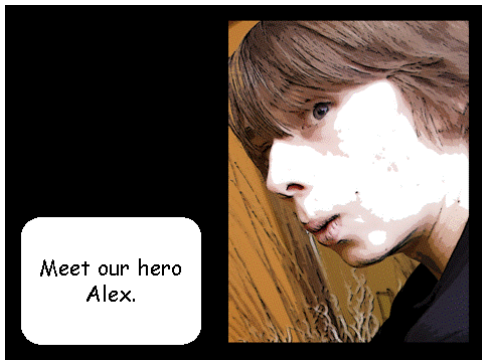

After the presentation review the questions on the worksheet and hand out colouring sheet to take home

Lesson Plan – Third Party Supply of Tobacco ("Alex Learns a Lesson")

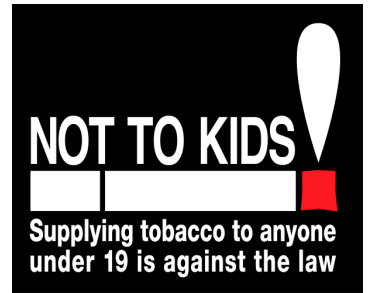

Slide Notes

Note: Prompt students to answer questions as they come up, before going to the next slide

Lesson Plan – Third Party Supply of Tobacco ("Alex Learns a Lesson")

Alex heads home...

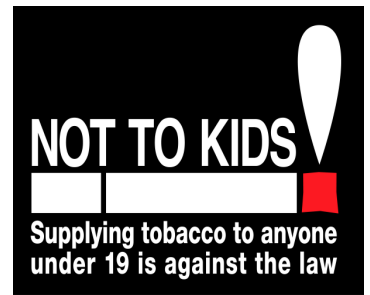

Ask the class: What does Alex see?

Answer: Cigarettes

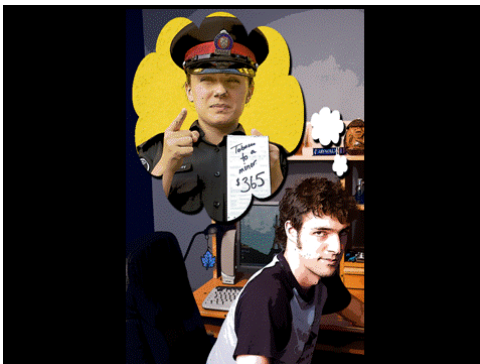

Lesson Plan – Third Party Supply of Tobacco ("Alex Learns a Lesson")

Should the brother give
Alex cigarettes?

Ask the class to answer this question.
(Encourage them to answer loudly and in unison)

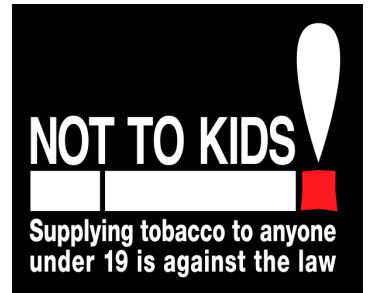

Answer: Noooooo

Ask the class: What is the brother thinking?

Answer: He might get a ticket for \$365
for giving tobacco to a minor

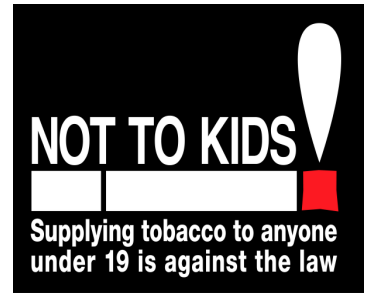

Lesson Plan – Third Party Supply of Tobacco ("Alex Learns a Lesson")

Giving tobacco to anyone
under 19 is against the law!

Lesson Plan – Third Party Supply of Tobacco ("Alex Learns a Lesson")

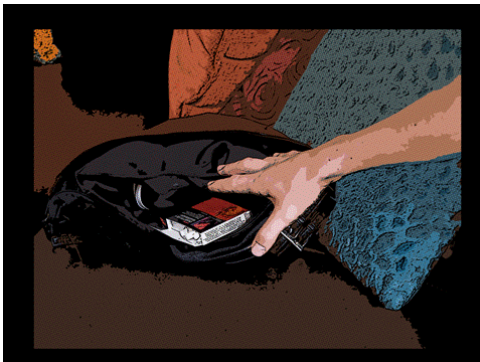

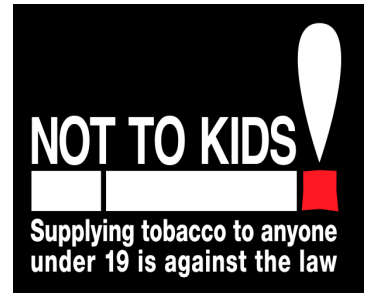

Alex goes downstairs...

Ask the class: What do you think Alex's new plan will be?

Answer: Get cigarettes from Mom.

Lesson Plan – Third Party Supply of Tobacco (“Alex Learns a Lesson”)

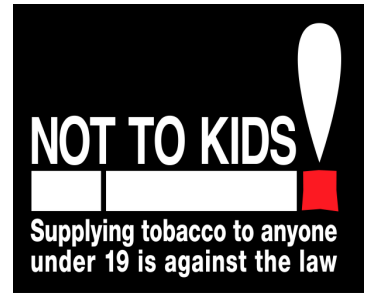

Ask the class: What is Alex doing?

Answer: Reaching for the cigarettes in the mom's purse.

Lesson Plan – Third Party Supply of Tobacco ("Alex Learns a Lesson")

Should the mom give Alex
cigarettes?

Ask the class to answer this question.
(Encourage them to answer loudly and in unison)

Answer: Noooooo

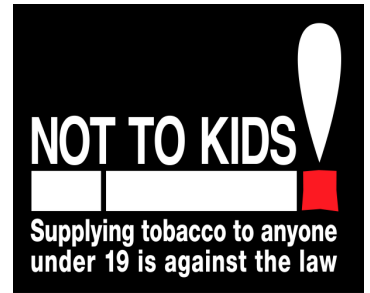

Ask the class: What is the mother thinking?

Answer: She might get a ticket for \$365
for giving tobacco to a minor

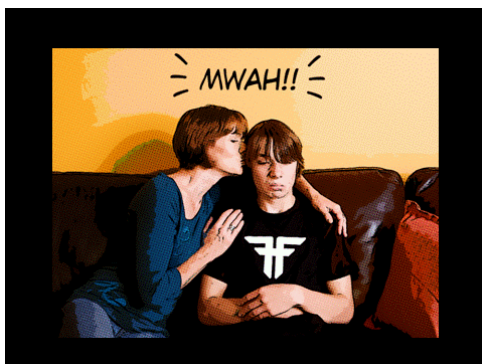

Lesson Plan – Third Party Supply of Tobacco ("Alex Learns a Lesson")

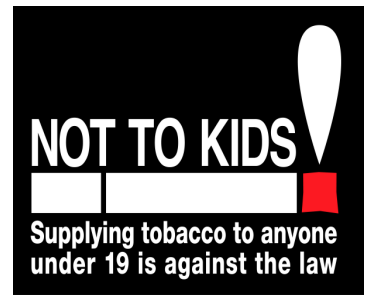

Ask the class: What do you think Alex might like?

Answer: (Let the class give suggestions on what they think Alex might like instead of cigarettes)

Alex tries something else...

Lesson Plan – Third Party Supply of Tobacco ("Alex Learns a Lesson")

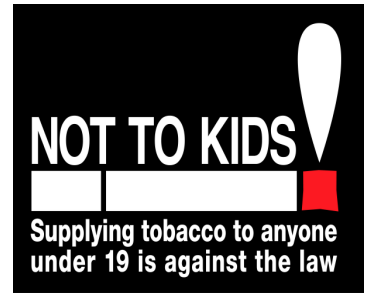

Should the man give Alex
cigarettes?

Ask the class to answer this question.
(Encourage them to answer loudly and in unison)

Answer: Noooooo

Lesson Plan – Third Party Supply of Tobacco ("Alex Learns a Lesson")

Ask the class: What is the man thinking?

Answer: He might get a ticket for \$365
for giving tobacco to a minor

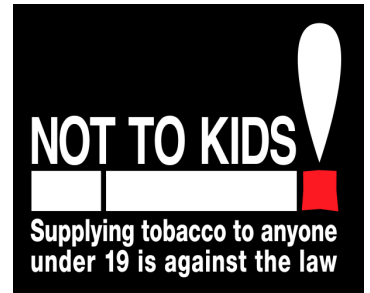

Alex has one last hope...

Review with the class where Alex has tried to get
cigarettes (brother, mother, stranger)

Ask the class: What do you think Alex's last hope is?

Answer: Getting cigarettes from a friend

Lesson Plan – Third Party Supply of Tobacco ("Alex Learns a Lesson")

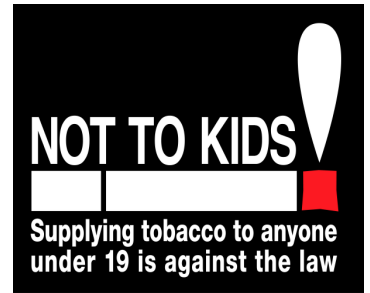

Should the friend give Alex
cigarettes?

Ask the class to answer this question.
(Encourage them to answer loudly and in unison)

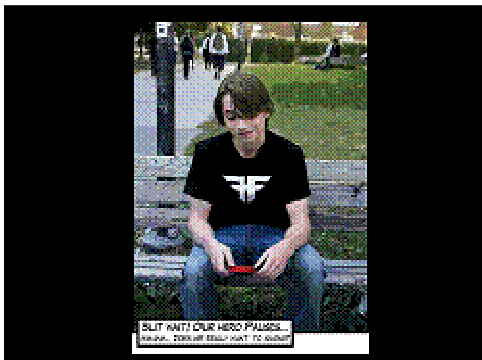

Answer: Noooooo

Lesson Plan – Third Party Supply of Tobacco ("Alex Learns a Lesson")

Ask the class: What is the friend thinking?

Answer: She might get a ticket for \$365
for giving tobacco to a minor

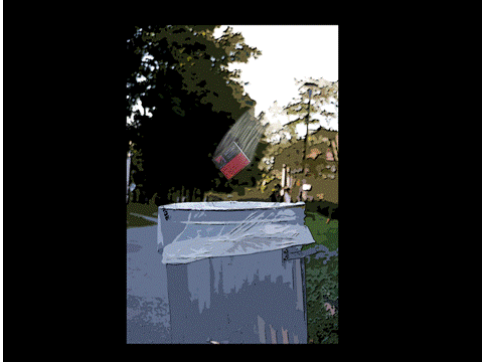

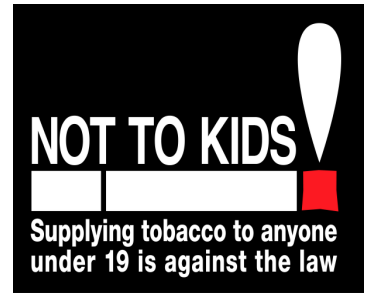

Ask the class: does Alex want to smoke and why not?

Answer: (allow the class to make guesses.
If necessary, prompt them with all the bad things
we know about cigarettes from the lesson plan):

- Cancer
- Bad for your lungs
- Wrinkly skin
- Gross yellow teeth

Lesson Plan – Third Party Supply of Tobacco ("Alex Learns a Lesson")

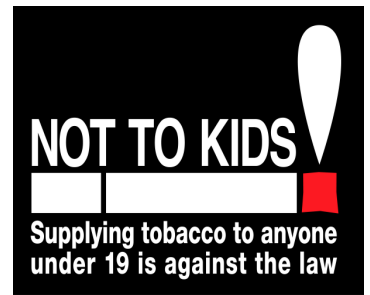

What lesson did
Alex learn?

Ask the class: What did Alex learn?

Answer: (allow them to suggest what they think Alex learned. The answer is on the next slide)

Lesson Plan – Third Party Supply of Tobacco ("Alex Learns a Lesson")

What lesson did
Alex learn?

You don't need cigarettes
to be cool!
